## **Smart IR User Manual**

Main Function:

- 1. Work with Amazon Alexa/ Echo Dot& Google home.
- 2. Manage your devices via your mobile phone or Voice Control.

3. Intelligent Schedule - Smart IR could create multiple schedules to turn on/off your electronic sets.

4. Learning Function (DIY) - Control all sets which use Infrared signal.

Function Key and Indicator Description

Plug it in. Check the WiFi indicator flashing status. If it is flashing quickly, you can directly connect it with your phone. If it is not, you need to set it to the distribution network mode: Next to the USB power connector, there is a "Reset" hole, insert an slim object and pressing about 5~10 seconds until the blue WiFi indicator flashes quickly.

Blue indicator flashes slowly means the network connection is abnormal, please check the router or network configuration.

Learning Function (DIY)

Step 1: Click "DIY" in this page. And Click "Next".

Step 2: When this page show, you can start DIY. Press the keys you want to learn.

When DIY, please noted three points:

1. Make sure a red light on. You will find the red light when you close to the product, because the red light inside it (at the back of the blue light).

2. Make the controller towards the red light .

3. The distance between the controller and the IR no more 6M (if old version, just 3CM). The closer the better. Too far maybe fail to learn.

Step 4: When this page show, it means DIY success. Input the name of the key and confirm.

Step 5: Then you can Continue to DIY or Save this controller.

## How it work with Amazon Alexa & Echo

**Step 1:** Open the "Amazon Alexa" APP, make your Alexa/Echo speaker link to the Alexa App, then find the "Skills "button on the menu. Press it.

**Step 2:** Search the" TuyaSmart" and choose the first one, then Enable it.

**Step 3:** Select your country code and Enter your "Smart Life+" APP Account and Password, then press the "Link Now" button. Choose "Smart Life+". When the Account success to login, press the "Authorize" button.

When this page show, it means you have linked the Smart Life+ App to Alexa successful. Come back to Alexa App.

**Step 4:** Back to the menu, and press the "Smart home" button, then choose the "Devices", then press the "Discover" button

Step 5: Now you can use your Alexa to control your Smart devices, enjoy yourself.

This device comes with a one year warranty from the date of purchase.
