USING THE FM TRANSMITTER FUNCTION:

1. Plug the FM transmitter into your vehicle's cigarette lighter or power port.
2. Tune your radio to an unused FM frequency, then match the same frequency of this unit.
3. Insert a USB flash drive or Micro SD card which contains MP3 files into USB port or memory card slot of the unit. It will play and transmit the MP3 files automatically.
4. Line-in function: Use the provided audio cable to connect an external audio source to the AUX input of this unit. When using this function, please stop playback of USB or memory card, and all functions will be controlled by the external audio source.

USING THE BLUETOOTH® FUNCTION:

1. Using Bluetooth® for the first time, you need to pair your mobile phone with this unit. Activate your mobile phone's Bluetooth® function, then search for a new device. When the mobile phone detects this unit (named as "AR3132"), please pair and connect by using the original password "0000" if prompted.
Note: Password may vary depending on your phone model and make. Please refer to your mobile's user manual for further information should the password '0000' not be accepted.
2. In the music playing mode, when there is an incoming call this unit will automatically switch to telephone mode.
3. After the Bluetooth® has been connected with the mobile phone, it supports playing music from the mobile via Bluetooth® to your vehicle's speaker.
Note: The Bluetooth® icon which is displayed on the unit screen will stop flashing after the Bluetooth® is connected with your mobile phone.

BLUETOOTH® CALLING:

- Please press the green **"Answer"** button on the front of the transmitter to answer the incoming call.
- Please press the red **"Hang up"** button on the top of transmitter to hang up a call.
- When making a call, you can only dial the phone number on your mobile phone or from the remote control, but once the call is connected you can talk freely.

USING THE USB CHARGER FUNCTION:

When this unit is powered from car lighter socket, connect the USB port of this unit to your mobile phone with a USB cable (not included). This unit will serve as mobile phone charger.

MENU SETTING:

When the unit is playing from an USB flash drive or Micro SD card, you can follow the below instructions to change the settings (only from the FM Transmitter, not supported from the Remote Control):

1. Press "▶/II" button to pause the music.
2. Press and hold "CH" button to access the menu list, use "▶▶" and "◀◀" to scroll and "CH' to enter:
   * Language – Enter to change the user language
   * Contrast – Enter to change the LCD contrast
   * Firmware version – Enter to view the firmware version
   * Exit
