Bluetooth Media Button

User Manual

The AR-3137 Bluetooth Media Button puts media control at your fingertips with a single press of a button. Attach the button to your steering wheel or dashboard to safely and conveniently control multi-media functions even when your smartphone is out of reach.

Play/pause, forward/backtrack, and adjust volume even while your phone is in your pocket, purse, plugged into the wall, or up to 10 meters away!

Compatibility

Apple: Most iOS devices supporting Bluetooth®
Android ®: Most Android ® devices that support Bluetooth ®

Pairing and Connecting

1- Make sure that Bluetooth function in your smartphone is set to "On".

2- To Pair the AR-3137 press and hold the "Pairing" Button at the back of AR-3137, until the LED light is blue and blinking.
