## User Manual

### Installation:

1. Open the packaging and slide out the inner packages.

2. Remove the sticker from the back of the inner pads and remove the boats from the packaging.

3. Remove the remote controls out of the packaging.

4. Using a screwdriver, loosen the screws on the battery compartment of the remote control and insert 3 x AA batteries (not included) using the correct polarity. Replace the battery cover and tighten the screws in place.

5. Remove the sticker and take out the inflatable pool from the packaging. Open the air valve of the pool and use the inflatable pool pump to fill it with air.

Connect the hose to the inflatable foot pump and insert it into the air valve of the pool.

Use the inflatable pool pump to fill the pool with air by repeatedly pressing on the pump with your foot. Once finished then close the air valve of the pool tightly in place.

Once you have finished with the pool, release the drain valve inside the pool to empty the pool of water.

### Operation:

1. Once the batteries have been inserted in the remote, it will start transmitting once the buttons are pressed.  
Note: It is recommended to fully charge the boats before use.
2. Make sure the pool has been fully filled with air and the inside with water.
3. Place the boats on top of the water; the boats have sensors on the bottom and will automatically turn on once placed in water.
4. Start operating the boats with the remote control.

### Remote Control:

1. Once the batteries have been inserted, the remote will start operating once buttons have been pressed.
2. Pressing forwards and backwards on the remote control will make the boat go forwards or backwards.
3. Pressing the left and right turn buttons will direct the boat either left or right.

### Safety & Warnings:
