

The See-Everything Smart Lock  
**Video Smart Lock**

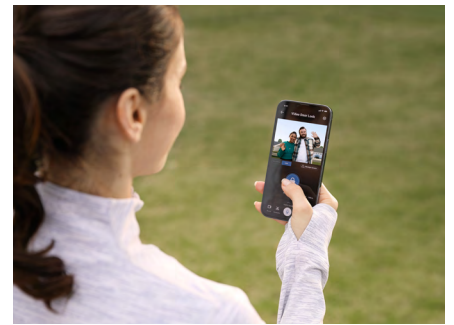

**Advanced 3-in-1 integration**

Combines a 2K camera, advanced video doorbell notification technology, and the fastest Smart Lock fingerprint security into 1 device. Plus, you can store recordings without paying a subscription fee—securing your home and your wallet.

**See Clearly in 2K**

With a powerful 2K camera, you will notice every detail. The 160° large field-of-view shown in a 4:3 format makes viewing your front door natural and enjoyable. Plus, Wide Dynamic Range technology makes video clear in the day, while 4 infrared lights ensure you'll see everything at night.

**Unlock Convenience**

The cutting-edge chip and ultra-thin fingerprint film recognize you precisely in 0.3 Seconds, and unlock your door in 1 second. You can also control your smart lock from eufy Security App, talk to your Alexa or Google Voice Assistant, and of course you can use the keypad and keys.

**No Monthly Fee**

No Strings Attached: Never pay a subscription fee and protect your privacy at the same time with built-in local storage on Chime. Your digital fingerprints and recordings are guarded by Advanced Encryption to ensure only you and the people you trust see them. (SD card not included)

**Dual Motion Detection Doorbell**

Reduce 95% of false alarms with intelligent Dual Motion Detection. Combining the sensitivity of passive infrared (PIR) detection with advanced radar, Video Smart Lock can distinguish both near and far subjects and accurately sense up to 19 ft (6 m) away.

**SPECIFICATIONS**

<b>Ways to Unlock</b>	Fingerprint, App, The Google Assistant, Alexa, Keypad, Keys	<b>Video Quality</b>	Front Camera 2K (2560 × 1920)
<b>Fingerprint Recognition</b>	Up to 50 fingerprints <b>Fast:</b> Recognition within 0.3S <b>Accurate:</b> Recognition pass rate 98%	<b>Video Storage</b>	Local Storage on Chime, No Monthly Fee. (SD card required. Recording estimation based on 25 recordings per day each lasting 15 seconds.)
<b>Dual Motion Sensors</b>	Radar Motion Sensor, PIR Motion Sensor	<b>Hardware Standard</b>	BHMA Certification
<b>Tripple Detection</b>	People Detection • Leaving Detection • Lingering Detection	<b>Battery Type</b>	10000mah rechargeable
<b>Auto Lock</b>	Smart Auto Lock with Built-In Door Sensor	<b>Product</b>	<b>Weight:</b> 2.5 kg <b>Size:</b> Exterior 75 x 175 x 25mm • Interior 85 x 195 x 30mm
