Product Diagram:

Mounting Base, Mounting Holes, Battery Compartment, Cover, Lens, IR LEDs

Battery Compartment, Flashing LED, Lens

Installation:

Bullet Camera:

1. Slide the top cover off the camera and open the battery compartment.
2. Insert 2 x AAA batteries into the battery compartment using the correct polarity indicated by the positive (+) and negative (-) markers.
3. After the batteries have been inserted: close the battery cover and slide the camera cover back on.
4. Rotate the camera housing by 180° so that the camera is in an upright position.
5. Position the camera in the location you want such as a wall or ceiling and mark the screw holes to match the camera.
6. Fix the camera in place by using the screws provided or wall plugs if you're drilling into surfaces such as brick or concrete.

Slide Off, Battery Compartment, Screw Holes

Dome Camera:

1. Open the battery compartment cover located on the top of the camera.
2. Insert 3 x AA batteries into the battery compartment using the correct polarity indicated by the positive (+) and negative (-) markers.
3. After the batteries have been inserted: close the battery cover.
4. Using the included mounting guide: mark the screw holes in the wall or ceiling where you wish to mount the camera.
5. Fix the camera in place by using the screws provided or wall plugs if you're drilling into surfaces such as brick or concrete.
6. Leave the screw and wall plugs out of the screw holes slightly so that it can attach to the screw mounts on the camera.
7. Place the dome camera on the screw holes and twist clockwise depending on the installation to hold the camera in position.

Screw Hole, Screw Hole

Safety:

1. Only Install the dome cameras indoors and the bullet camera undercover to avoid exposure to rain and mosture.
2. Ensure only Alkaline batteries are used with the correctly polarity otherwise it may damage the cameras.
3. Don't modify or open the housing of the camera.

Specifications:

IR LEDs: 23 x IR LEDs (Bullet)
1 x Flashing LED (Dome)
IR Interval: Auto IR Nightime Switching (Bullet)
5 Seconds (Dome)
IP Rating: IP44 (Bullet)
Batteries: Requires 2 x AAA (Bullet)
Requires 3 x AA (Dome)
Battery Life: Up to 3 Months (Depending on Infrared use)
Dimensions: 170(L) x 58(Dia)mm (Bullet)
125(Dia) x 95(H)mm (Dome)
