2. Backlit LCD
3. Magnetic Mounts
4. Kick Stand

Instructions:

Overview:

- Open the battery compartment and place 2 x AAA batteries in the scales, and 3 x AAA batteries in the display unit. Ensure to insert in the correct polarity as marked.
- Touch the POWER button to turn on the unit. It will display "1888", then show "0" g/lb/oz.
- The scales are now ready to use.
- Press and hold the POWER button for 2 seconds to turn the unit off. The unit will also turn off automatically after 20 seconds of inactivity.

Setting the display unit (buttons located at the rear of the unit):

- Press and hold down the SET button for 2 seconds (when using it for the first time the unit will enter this mode automatically when the batteries are inserted), lb/oz/g will be flashing on the screen.
- Press the UP or DOWN buttons to set the unit of weight measure.
- Press the SET button and the °F or °C will be flashing on the screen.
- Press the UP or DOWN buttons to set the unit of temperature measure.
- Press the SET button and the '24h' or '12h' will be flashing on the screen.
- Press the UP or DOWN buttons to set 12 or 24 hour time.
- Press the SET button and the hour will be flashing on the screen.
- Press the UP or DOWN buttons to set the hour.
- Press the SET button and the minutes will be flashing on the screen.
- Press the UP or DOWN buttons to set the minute.
- Press the SET button to lock in the settings.

Using the scales:

- Place the scales on a flat surface, and have the display unit within 2m range.
- Turn the scales on using the POWER button.
- Place the item to weigh on the scales.

How to use TARE function:

- To calculate the net weight, touch the TARE button to set back to 0g/lb/oz between each mass added to the scales.

NOTE:

- When the LCD display becomes dimmer, please replace the batteries.
- Only use AAA batteries in these scales and display unit.
- Ensure not to mix old and new batteries.
- Please dispose of used batteries in a responsible manner.
- Never attempt to open, modify or repair the scales or display unit in any way.
- Do not drop heavy things onto the scales, or drop items from a height onto the scales as it may damage the unit.
