- Input power: 12W, Output power: 9.5W
- 4pcs 3W high power LED, Maximum:240LM/LED
- 600LM in all
- 5 meter 2*1.0mm² power cord
- IP65

Safely and warning notice:

- Do not look directly into the LED - especially for longer periods of time – without protecting your eyes. A LED beam should not be directed into other people's eyes.
- Take the parts carefully out of the packaging. Make sure, before using the light that it is complete and has not been damaged during transportation. Do not operate the light if there is damage.
- Keep the packaging material well away from children and household pets.

Operation:

- The work light is directly charging without batteries

Care and maintenance:

- Use a dry or a slightly moist cloth for cleaning. Do not use any pointed or sharp items for cleaning.
- Never use chemicals or abrasives for cleaning.
- Store the light in a cool and dry place and remove the batteries if it is not going to be used for some time.
