## **LED Strobe Light with magnetic Base for Cars ST-3295**

## **Specifications:**

Voltage:	12VDC
LEDs:	60 x super bright, high intensity LEDs
Base Design:	Heavy duty magnetic base for secure mount
Rating:	IP56
Operating Temperature:	-30° to 50°C
Dimensions:	95(H) x 130(Dia.) mm

## **Installation:**

- Mount the strobe light onto your car with the magnetic base.
- Plug in the power cable to the cigarette socket of your car.
- Press the red switch on the back of the power plug to change the function between a rotating light or intermittent flashing.

## **NOTES:**

- Never submerge the strobe light in any liquid.
- Never attempt to open, repair, or modify any part of the spotlights.
