

# NEXTECH

# XC4953

## USB 2.0 to 3.5mm Audio Converter

## Instruction Manual

## PRODUCT DIAGRAM:

<b>1</b>	Microphone
<b>2</b>	Headphone

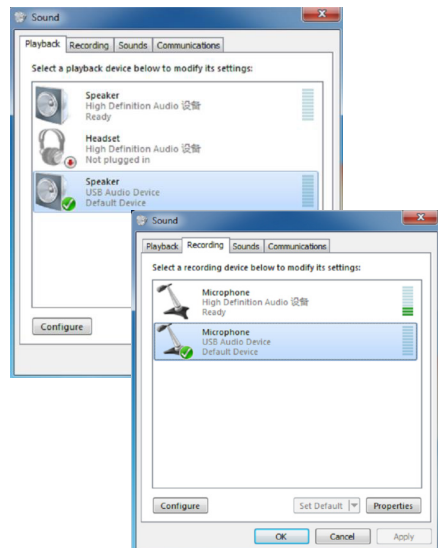

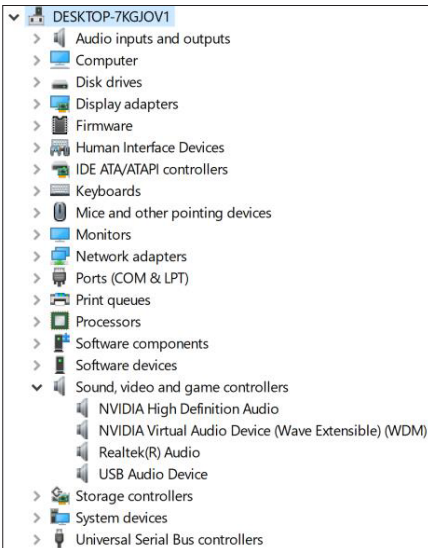

## USAGE INSTRUCTIONS:

### For Windows

Connect the product to your computer. Your computer will detect the new audio adaptor automatically and complete the installation. After successful installation, you should be able to find the audio adaptor under Control Panel.

Open [Control Panel > Sound]. User can click on [Recording] column to enter recording mode.

Tip: In general, USB sound card has a system to default the audio input/output. If you have problems with the system, you can adjust the audio input/output from the Control Panel:

## For Macintosh

Connect the product to your Mac.  
Open [About > System Report > Hardware > Sound]

**Audio**

▼ Devices

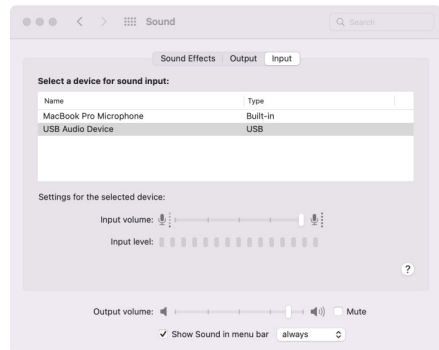

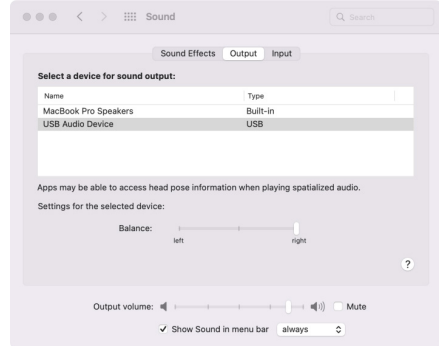

- USB Audio Device
- MacBook Pro Microphone
- MacBook Pro Speakers

---
